Dear Sir:

Pursuant to 37 C.F.R. § 1.56, the attention of the Patent and trademark Office is hereby directed to the references listed on the attached Form PTO-1449. Copies of each of the references listed on Form PTO-1449 are attached.

Also enclosed is a copy of the International Search Report for the corresponding PCT application bearing a mailing date of December 2, 2003. The USPTO is directed thereto for a concise statement of possible relevance of the references cited therein.

The above information is presented so that the USPTO may, in the first instance, determine any materiality thereof to the claimed invention. See 37 C.F.R. § 1.104(a) and § 1.106(b) concerning the USPTO's duty to consider and use any such information. It is respectfully requested that these documents be expressly considered during the prosecution of this application and made of record herein and among the "References Cited" on any patent to

issue therefrom. Consideration of the foregoing and enclosures, plus the return of the enclosed form PTO-1449 with the Examiner's initials in the left-hand column (per MPEP § 609), is earnestly solicited.

This Information Disclosure Statement is intended to be in full compliance with the Rules, but should the Examiner find any part of its required content to have been omitted, prompt notice to that effect is earnestly solicited, along with additional time under Rule 97(f), to enable applicants to comply fully.

In submitting this Information Disclosure Statement, Applicants do not waive the right to challenge the prior art status of any of the documents cited therein.

It is applicants' belief that no fee for filing this Information Disclosure Statement (IDS) is necessary as it is being filed prior to the first Office Action in accordance with Rule 97(b)(3). If it is determined, however, that a fee for filing this IDS is required, the Commissioner is hereby authorized to charge any required fees (or credit any overpayment) to Deposit Account No. 19-4293, for which purpose a duplicate of this communication is enclosed.

Respectfully submitted,

Roger W. Parkhurst
